Central Juvenile Hall OC Spray Deployments

On Units PQ, XY, and CD

June 1, 2022-September 30, 2022

*On September 12, 2022, an additional OC deployment took place reportedly due to an incident of Youth-On-Youth Violence between units XY and CD. This incident was excluded from both units' September totals in this graph as the POC does not receive specific information on which unit's staff deployed the OC spray in order to attribute the deployment to one unit.
